Options

Different options for the **Dashboard** are **Settings**, **Proxies**, and **Analytics**.

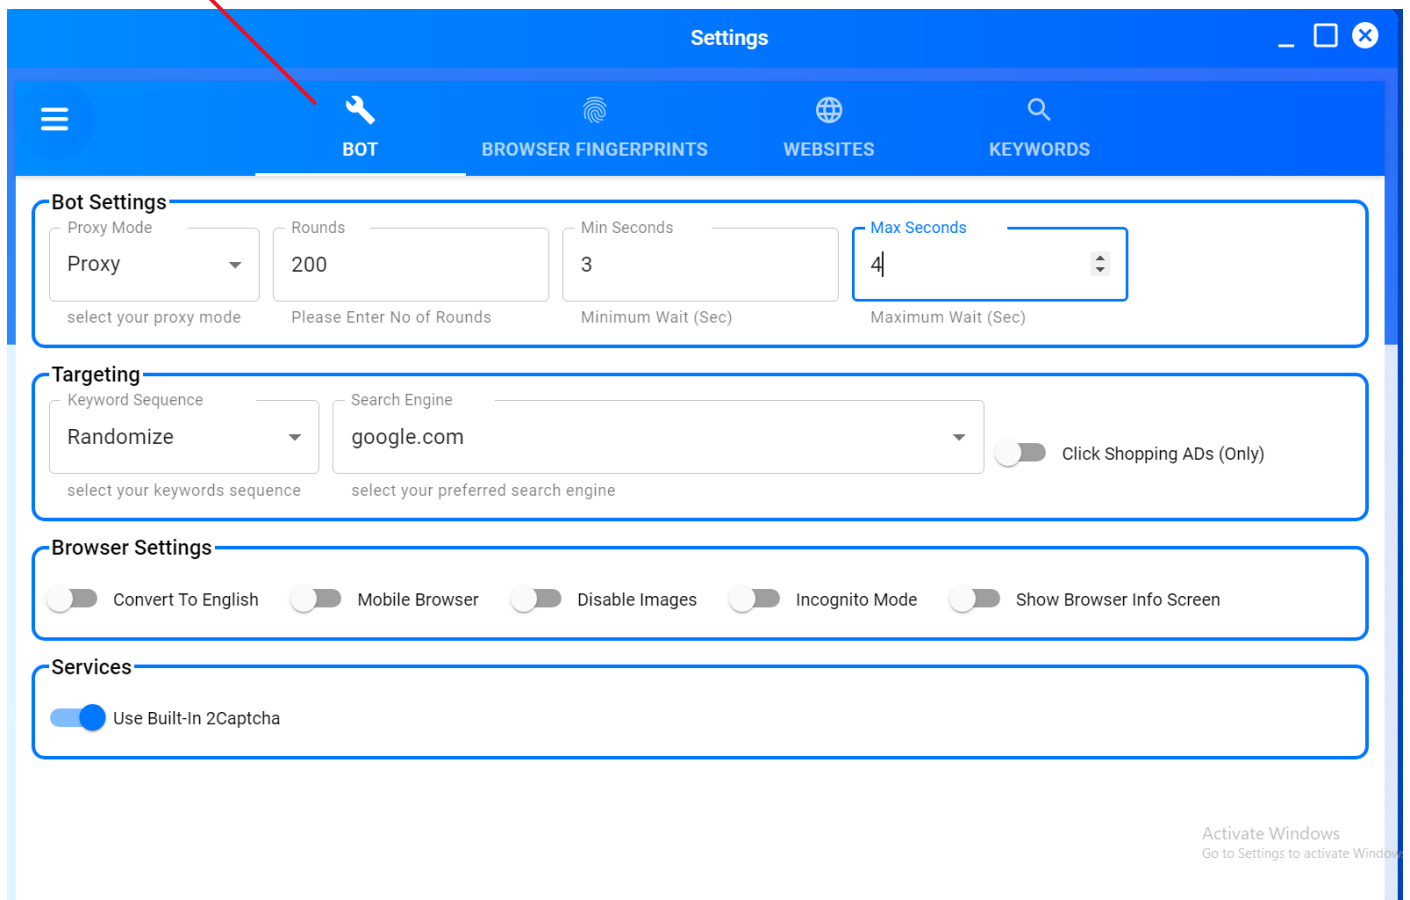

Settings

In the settings options, we find more features, including **Bot**, **Browser Fingerprints**, **Websites**, and **Keywords**.

Bot

In the Bot option you will have more options you see below in the picture. Here you can set rounds.

The screenshot shows the 'Settings' application window with a blue header and a navigation bar. The 'BOT' tab is selected, indicated by a red arrow from the text above. The settings are organized into sections: Bot Settings, Targeting, Browser Settings, and Services.

Bot Settings

- Proxy Mode: Proxy (select your proxy mode)
- Rounds: 200 (Please Enter No of Rounds)
- Min Seconds: 3 (Minimum Wait (Sec))
- Max Seconds: 4 (Maximum Wait (Sec))

Targeting

- Keyword Sequence: Randomize (select your keywords sequence)
- Search Engine: google.com (select your preferred search engine)
- Click Shopping Ads (Only): [Toggle Off]

Browser Settings

- Convert To English: [Toggle Off]
- Mobile Browser: [Toggle Off]
- Disable Images: [Toggle Off]
- Incognito Mode: [Toggle Off]
- Show Browser Info Screen: [Toggle Off]

Services

- Use Built-In 2Captcha: [Toggle On]

Browser Fingerprints

Browser fingerprints in software help track and identify users based on the unique characteristics of their web browsers, enabling personalized experiences, security, and analytics. However, they can also raise privacy concerns due to potential tracking without explicit user consent.

Websites

How to add the website to the bot, you have to click on the three horizontal lines in the Dashboard, then after clicking on the settings, click on the website, after clicking on Add, you have to enter your existing websites. You can enter as many websites as you want

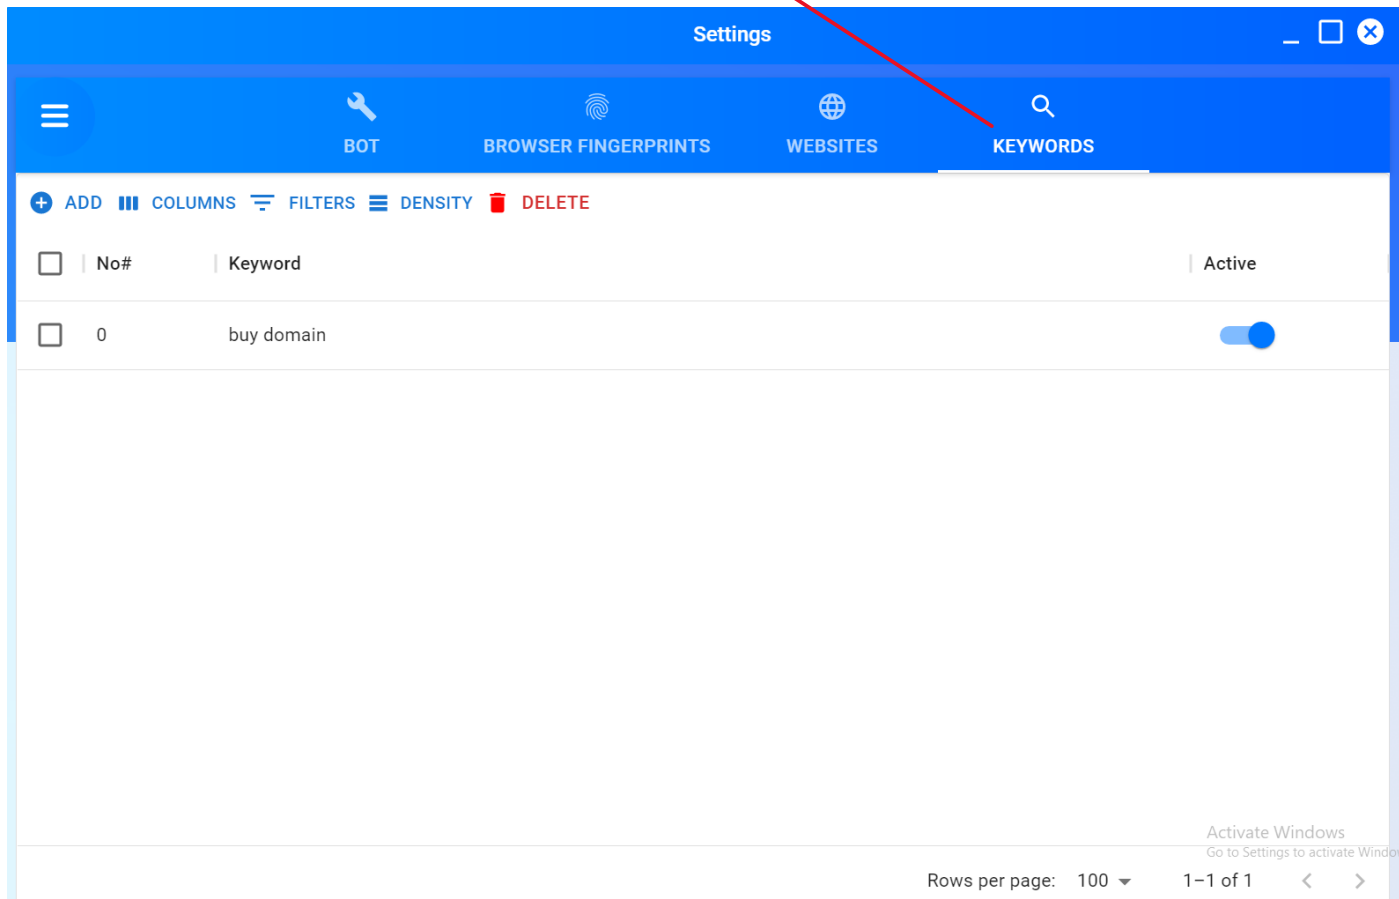

The screenshot shows a 'Settings' window with a blue header and a white body. The header contains a menu icon, a wrench icon labeled 'BOT', a fingerprint icon labeled 'BROWSER FINGERPRINTS', a globe icon labeled 'WEBSITES', and a magnifying glass icon labeled 'KEYWORDS'. The 'WEBSITES' tab is selected. Below the header, there is a toolbar with '+ ADD', 'COLUMNS', 'FILTERS', 'DENSITY', and 'DELETE'. The main area is a table with columns 'No#', 'Website', and 'Active'. The table contains five rows of data. At the bottom right, there is a watermark for 'Activate Windows' and a pagination bar showing 'Rows per page: 100', '1-5 of 5', and navigation arrows.

No#	Website	Active
1	twicegaming.com	<input checked="" type="checkbox"/>
2	domain.com	<input checked="" type="checkbox"/>
3	namecheap.com	<input checked="" type="checkbox"/>
3	test	<input type="checkbox"/>
4	aaa	<input type="checkbox"/>

Keywords

To add the keywords in the bot, you have to click on the three horizontal lines in the Dashboard, then after clicking on the settings, click on the keywords, After clicking on Add, you have to enter keywords. You can enter as many keywords as you want.

The screenshot shows a web application interface with a blue header bar labeled "Settings". Below the header is a navigation bar with icons for "BOT", "BROWSER FINGERPRINTS", "WEBSITES", and "KEYWORDS". The "KEYWORDS" tab is selected and highlighted. Below the navigation bar is a table with columns: "No#", "Keyword", and "Active". The table contains one row with the value "0" in the "No#" column and "buy domain" in the "Keyword" column. The "Active" column has a toggle switch that is currently turned on. At the bottom of the window, there is a footer area with the text "Activate Windows" and "Go to Settings to activate Windows". The bottom right corner shows "Rows per page: 100" and "1-1 of 1".

No#	Keyword	Active
0	buy domain	<input checked="" type="checkbox"/>

Proxies

If you have proxies or you will get it from any source or if you have no idea our agent will inform you about it and then you will add it from here as mentioned below picture.

Rows

3-Browser (Google Chrome)

The third and last one is a browser search engine where your task is performed, and the other two components monitor the browser activity.

The image shows a monitoring application on the left and a Google search page on the right. The application has a blue header with 'Waiting Time: 2', 'Status: RUNNING', and 'Campaign ID: fa00fa8e-704'. Below the header is a log of events with timestamps and descriptions. The bottom of the application shows system information: 'App Version: 3.0.5', 'Disk Space Left: C: 14466.46 MB', 'Running Time: 00:01:38', and 'Rounds Processed: 3/450'. A 'CLEAR LOGS' button is also visible.

The Google search page on the right shows a search for 'we buy ugly houses'. A location permission dialog is open, asking to allow www.google.com to know the location. The search results show about 28,900,000 results in 0.47 seconds. A sponsored result for 'San Diego's #1 Home Buyer - We Buy San Diego Homes' is visible, along with links for 'Customer Testimonials' and 'Have A Question?'.
